## Sponsorship Project

Praise the Lord; Greetings to all of our brother and sister from Bangladesh. God blessing being over follow on us. We had a school plan for the poor children whose are could not go to school causes of difference problem. Particularly for poverty. We had a dream for them. Now in the blessing of God; we are going to build up a school in our Biothaghata field. There most of people are Hindu. They dont know about Christianity. There all of school are Hindu and Muslim background. In the Bangladesh most of school are Muslim school. There has no any christian text book. They don't teach about Christianity. So we are going to open a Christina school where we could teach about Christianity. For this reason in every month we support our some children. Every month we give them school fess, school materials and nutrition food also. We have a teacher in every field. They give them extra tuition and teach about Jesus Christ. All the child attend our Sunday school where they learn about Christianity. In this month we visit all of our regular field and inquire about children situation. Really they are improve in basic education and also Christianity. In this we give them their school fess and Milk for their nutrition. Their family could not give them any nutrition food, and also we provided them some money as every months for their foods. So we try to give them nutrition food and fruits in every month. In every month we talk with the children guardian and share the Gospel in them. They also help in our work. So please pray for them. And my prayer request to all of our brother and sister for our school project. Your prayer and support will make possible to open a good christian school. We believe that we could open school in our every field.

We are praying and hopping happy end of this month and continuing the mission! We are also asking prayer for those people, whom we visited and will select for the mission field. We want to thanks again to our prayer and supporting partners for their payer and support to continue our mission. And asking to keep continues pray and support. God bless you and yours. Amen
